

S-1500

S-1500 is a chair made of 100% recycled plastic from the fish farming industry in the north of Norway.

The frame is obtained by 20% recycled Norwegian steel.

When buying the S-1500, you contribute to reduce 1500 grams of plastic from the ocean. The more chairs bought, the better it is for the environment.

The chair references the textures, colors and crafts of its origin in the north of Norway. The pattern and color variations reflects the ocean's movements, hence the naming Ocean for the different color choices.

The plastic shell comes in 8 colors: Ocean Green, Ocean Black, Ocean Olive, Ocean Red, Ocean Brown, Ocean Yellow, Ocean Navy Blue and Ocean Blue.
